# Swim Rafts

7' x 8' Swim Raft  
Shown In Blue

- Available in 7' x 8', 7' x 10', 7' x 12'
- Removable 3-step aluminum ladder with wide non-slip steps comes standard
- 4-Step ladder is also available
- Marine-grade plydeck carries limited lifetime warranty (see website for details)
- Premium thick marine carpet comes in choice of blue or grey
- Vinyl flooring available in tan or grey
- Optional snap-on mooring cover is available either tented (with vented support pole), or flat without pole, and with or without cut-outs for ladder
- Approximate weight of 7' x 8' raft is 230 lbs
- Weight capacity of 7' x 8' raft is 800 lbs. based on equal distribution of weight on raft

\* Please note that our swim rafts are not intended for rough waters, salt water, or any body of water with a moving current.

See our Anchoring diagram on our website for complete instructions on how to properly anchor our swim rafts

## Four Mooring Eyes *(standard)*

Ultra strong; used for anchoring the raft

## 3-Step Aluminum Ladder *(standard)*

Has wide, non-slip steps and quick-release stainless J-hooks

## Mooring Cover – with Center Pole *(optional)*

Great protection from the elements (and birds!); available with or without cut-outs for ladder; made of specialty marine material; snaps on

## Mooring Cover – Flat *(optional)*

Available with or without cut-outs for ladder; snaps on

# Floating Docks

See our  
website to view  
the 3-minute  
dock removal  
video!

- Perfect for soft lake bottoms and deep water installations
- Easy time-saving installation and take out
- Sections are available in either 4' or 6' widths by 20', 30' or 40' lengths. Two or more dock sections can be linked together with a factory-installed hinge; sections can be separated for storage
- 4'-Wide dock has two full-length tubes; 6'-wide dock has three full-length tubes
- Mooring poles are available in 5', 10', 15' or 20' lengths and have end augers; the shoreline end of the dock is secured with a shore auger
- The 4' wide docks and approaches are available in extruded vinyl in "weathered teak," "grey" or "warm walnut" colors
- The 6' wide docks and approaches are available in aluminum, "red cedar" color
- 4' Hinged approach is only available in 4' long lengths for both 4' and 6' wide docks
- 3- or 4-step removable aluminum dock ladder with wide, non-slip steps available
- Aluminum tubes are .065 50/52 marine-grade aluminum, 12" diameter

Please note that our floating docks are not engineered, built nor intended for commercial use, very rough, tidal or salt water or any body of water with a moving current. Our docks cannot be configured in an "L" or "T" shape.

Weathered Teak

Grey

Warm Walnut

Red Cedar

**Shore Auger** (standard)  
Anchors dock to the shore

**6-Foot Wide Dock**  
(aluminum only)  
Has 3 full-length tubes

**Dock Approach** (optional)  
Comes in 4' lengths by 4' or 6' wide;  
attaches to dock with hinge pin;  
removes easily

**Dock Hinge** (optional)  
Used to attach sections together;  
removes so sections can be  
separated for storage

**Dock Ladder** (optional)  
Available with either 3 or 4 wide,  
non-slip steps and has quick-release  
J-hooks

## PADDLE KING™
